Reece Bartling – Waurika High School

One Tough Customer... accurately describes the Valir Comeback Athlete for September 2010. Waurika High School senior **Reece Bartling** has experienced many of the same injury challenges as that of Heisman Trophy winner Jason White. Reece is currently rehabilitating his right knee for the third time. All three injuries have required surgery and amazingly all occurred within a 14 month period. **Dr. Funderburk** at McBride has become very familiar with the inside of Reece's knee.

Each of Reece's knee injuries were sports related. The first injury occurred during a cutback while playing linebacker during the first game of his sophomore year. The second, landing on someone's foot while playing basketball during his sophomore year, and the third, a play gone bad during two-a-days last year. These injuries netted Reece three surgeries with accompanying rehab stints.

Reece's most recent rehab experience has been under the care of Valir Physical Therapist, **Doug Soell**. Reece credits Doug and the staff at Valir Physical Therapy for pushing him consistently while urging him to be patient with the rehab process. "Thanks to Doug, I have more confidence in my knee now than ever before," Reece said. "Doug and the staff at Valir have made me feel like I am back in the game to stay," he added.
